INTRODUCTION:

This catalogue is intended to serve as a guide for the ordering of spare parts and is designed to facilitate rapid identification of the machine in all its versions and to rapid location of its component parts.

HOW TO ORDER:

For the purpose of simplifying stock searching and the delivery of spare parts, we would ask our customers to observe the following standard procedures, at all times specifying:

The model and part number of the machine;

The position number and the number of the table of chart in which the parts appear;

Ordering code and part name;

Quantity of parts required;

Precise address and company status of the purchaser placing the order, complete with address for delivery of the goods;

Shipping means required.
