ENGINEERED SIMPLICITY™

EASY TO USE

Small Business, Owner-Operated, or Limited Staff?

Hammerhead scrubbers **INTUITIVE DESIGN** requires little training to use effectively.

Watch our 10 minute **ONLINE TRAINING** video and you'll be good to go.

NO HEAVY LIFTING OR PUSHING REQUIRED TO OPERATE!

EFFICIENT

The agitation of the disk brush or pad & the **SCRUBBER-SAFE CHEMICAL SOLUTION** allows you to clean a large area in a short amount of time.

INSTANTLY DRY FLOORS with the combination of the vacuum and the 25" U-Shaped squeegee blade.

ECONOMICAL

SAVES you & your business TIME, MONEY & RESOURCES:

- No need for an expensive commercial cleaning service.
- Low price point and high quality scrubber.
- **REDUCE HEALTH & SAFETY RISKS** with non-slip cleaning.

CHEMICAL & PARTS

Every cleaning solution offered by Hammerhead® is scrubber-safe and maximizes the cleaning capability of the 500RSX.

The **FIN CHEMICAL DILUTION SYSTEM** removes the need to measure, calculate or guess the proper dilution.

Simply screw the Handheld Device onto the FIN Chemical and you'll get **PERFECTLY DILUTED CHEMICAL** every time.

PART KITS

Hammerhead® Practical Part Kits were created to help our customers know which parts are best to keep on hand for easy replacement. Plus, when you buy a kit, you save more!

The **500RSX Wearable Parts Kit** includes those items that are more often replaced due to their repeated use: Disk Brush, Squeegee Blade Kit, Vacuum Hose and Recovery Tank Hose.

Online Ordering Available.

HAMMERHEAD[®]

CLEANING EQUIPMENT COMPANY

Hammerhead[®] is a commercial cleaning equipment company that carries a limited offering of products including walk-behind scrubbers & sweepers, parts and chemical solution.

We believe that cleanliness allows others to see what you truly have to offer; without distractions.

We just decided to focus on floors.
